

Newsletter

Dear Parents and Carers,

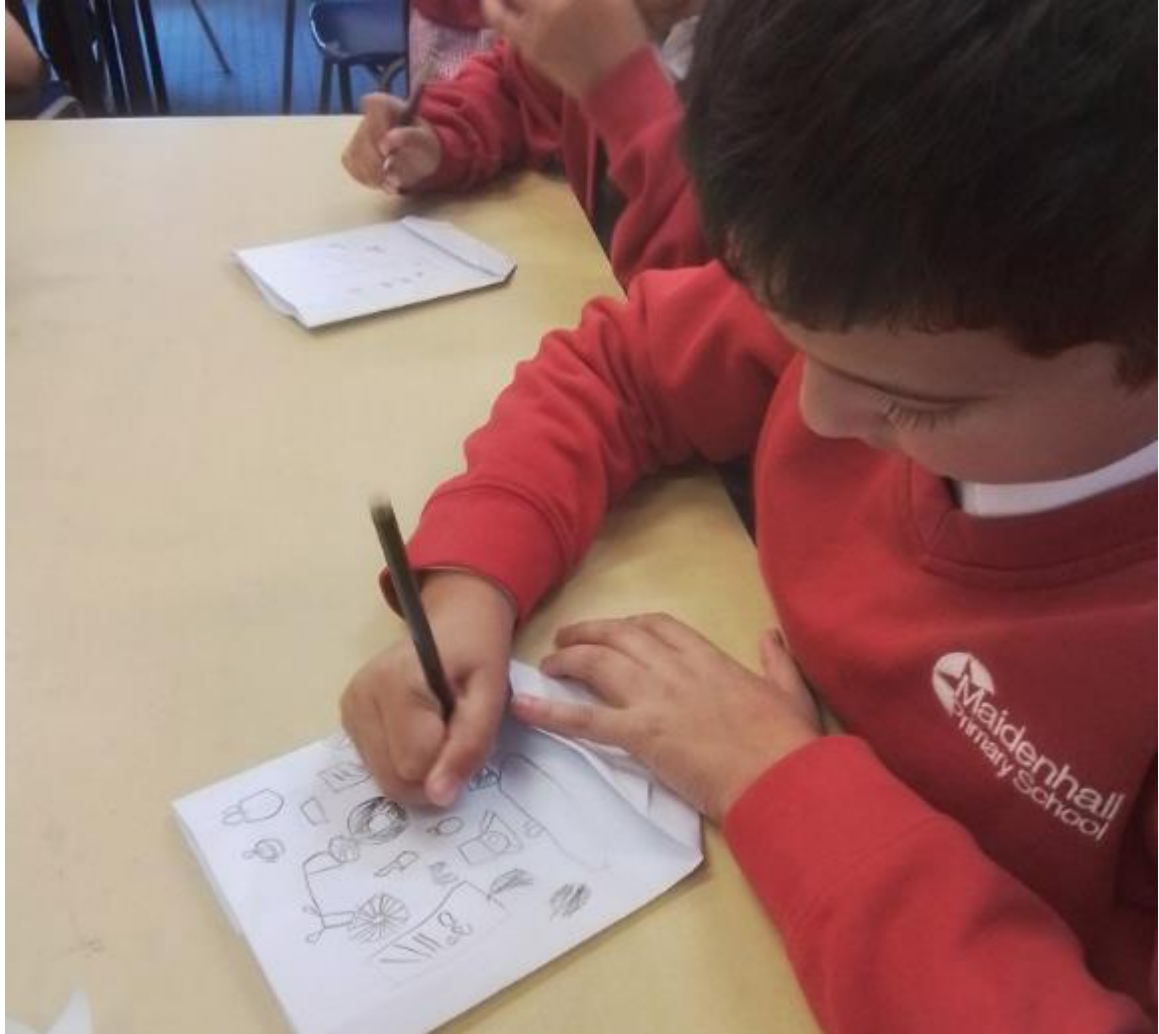

This week the children have enjoyed their learning. In class they have been electing school councillors. Below we have our school councillors for Gecko Class in Year 6. Well done to everyone who put himself or herself forward to be a councillor - it takes a huge amount of courage!

In Year 5, the children have showed strong knowledge of place value in maths. They developed their understanding of the value of each digit within a number as well as practised reading, writing and partitioning numbers. All the children worked very hard on their maths – well done!

In Year 4, the children started looking at the book 'The Paperbag Prince' by Colin Thompson. They had an amazing time designing their own paper bags as well as making predictions about the new book. Good work!

In Year 3 this week, the children were introduced to pneumatic mechanisms in DT. They learnt that pneumatic mechanisms use air pressure to create force and movement. The children had great fun exploring this by filling a balloon with air and using it to make their pneumatic book mechanism move!

In Year 2 this week, the children continued to explore Purple Mash in their computing lesson. The children talked about how important our login information is and testing out the different tools on 2Paint. They worked very hard!

In Year 1, the children enjoyed decorating their own special belief jars. The children talked about how they can fill them with all the wonderful things they believe in, making each jar unique and meaningful to them! Great work!

In Reception, the children had their first Dough Disco session. This will help the children to strengthen their hand muscles ready for writing. They had lots of fun!

In The Hub this week, the children had an amazing time making and exploring different shapes!. Well done!

In the Nurture Hub this week, the children were enjoying exploring the sensory trays. Sensory trays support children with developing their fine motor skills by requiring children to use small hand muscles and precise finger control to scoop, pour, pinch, and stir.. We are really proud of them and how hard they worked!

I hope you have a lovely weekend.

Yours sincerely,

James Adkins

James Adkins, Headteacher

Star of the week!

Congratulations to the following children:

Attendance Awards

The class attendance
awards for this week go to...

- ★ Seahorse 100% ★
(EYFS & KS1)
